Dear Mr. Palatka,

I contracted your company to perform a particularly difficult cleaning operation for 4 pipelines having the same typical configuration in July/September 2018.

I am writing to compliment you on a job well done and on your capability to develop efficient technologies for this scope of work.

Moreover, Your crew was motivated and well informed and it has been my pleasure to work with.

They understood the scope of the cleaning, the importance of following the cleaning plan and did it with a high degree of professionalism.

Please pass along my comments to your employees and I look forward to working with you again in the future.
